Dear Mr. Munson:

The Resource Development Coordinating Committee (RDCC), representing the State of Utah, has reviewed this proposal. The Division of State History comments:

Several large cultural resource surveys have been completed of the project area, and several large obsidian quarry sites have been recorded in the area. There is a high potential for disturbing sites by this project, therefore our office is recommending a cultural resource survey of the mine area.

If you have questions, please contact Jim Dykmann at (801) 533-3555 (Please refer to Case No. 98-1283).

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Utah State Clearinghouse at the above address or call Carolyn Wright at (801) 538-1535 or John Harja at (801) 538-1559.

Sincerely,

Brad T. Barber
State Planning Coordinator
